

NORTH BAY PIRATE PUNX PRESENTS

2023

NICE TO MEET Y'ALL.  
WE ARE JUST YOUR  
FRIENDLY NEIGHBORHOOD  
PYRATE PUNX.  
WE MIGHT LOOK LIKE  
JACKASSES... WELL SOME  
OF US CLEAN UP BETTER  
THAN OTHERS.

WE THANK YOU FOR  
BEING HERE AND SHOWING  
SUPPORT.

OUR CREW TRIES TO  
HELP EVERYONE.

IT STARTED OUT BY JUST THROWING SHOWS SO  
PEOPLE COULD HAVE SOME FUN.  
AND IT TURNED INTO SOMETHING SPECIAL.

CLEANING BEACHES, FEEDING, SUPPLYING THE  
HOUSELESS, WHITH THINGS MOST OF TAKE FOR  
GRANTED.

IT SHOWS A FEW DUMB PUNKS CAN ACTUALLY MAKE  
A DIFFERENCE IN OUR COMMUNITY. OR AT LEAST  
TRY TO.

MANY FOLKS HAVE BEEN DOWN AND OUT A FEW  
TIMES IN THEIR LIFE. WHETHER YOUR CAR GOT  
WRECKED OR YOU JUST FELT ALONE.  
HELP PEOPLE BECAUSE MAYBE SOMEDAY, EVEN IF  
YOU ARE TOO PROUD TO ASK FOR IT, YOU MIGHT  
NEED A LITTLE.

LOVE,

NORTH BAY PYRATE PUNX

by Original Giotis

I climbed the hill behind your house after you died.

My only visit was too late.

Looking for you,

I dangled my image over a well pool,

admiring myself

weep onto your new parcel

deep in the Siskiyou,

ideal home for our anarchist collective.

Twilight remixed the shadows of spruce and sugar pine

until my heart overtook my eyes — and Yo!

a door opens at the back of the barn conversion

and you bounce out with a box of paints and rollers.

Busy, organizing, making ready your resting place.

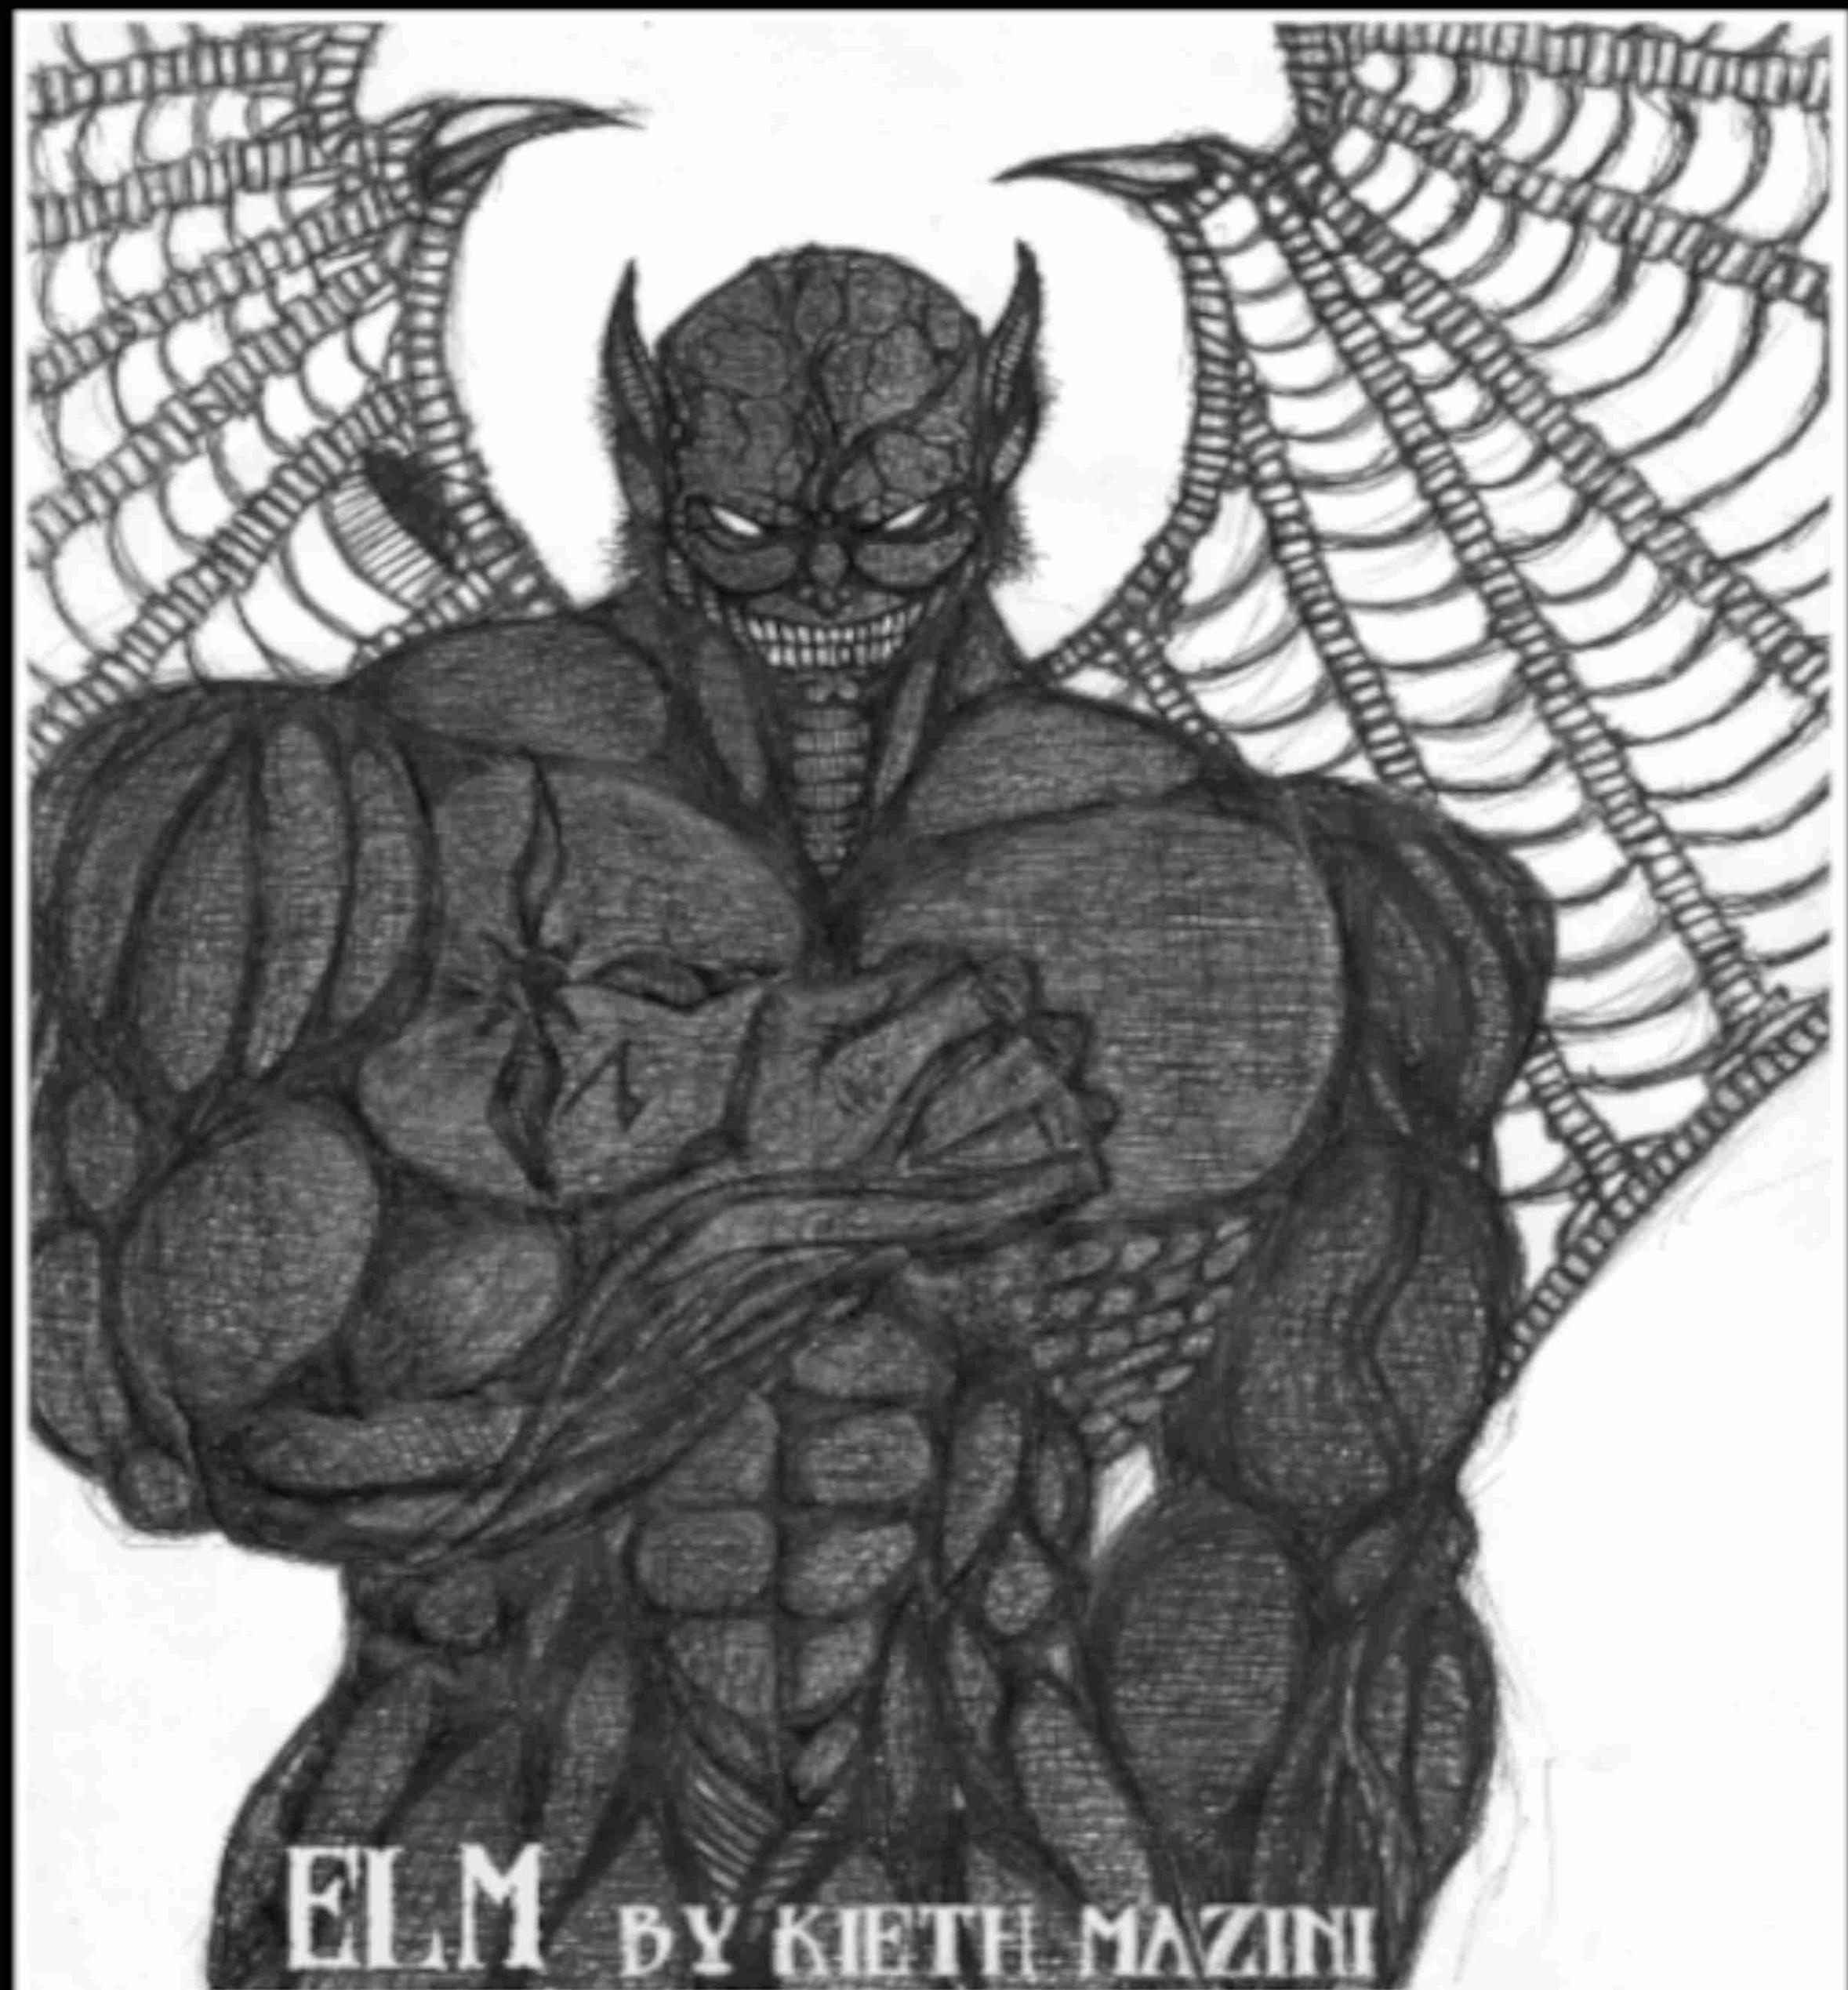

Caress of dirty blond, thinning hair tickles your newly wrinkled eyes.

Then the moon rose, shadows sharpened,

and natural causes took you away again.

TOO YOUNG, I HOPPED DOWN FROM THE STONEPILE WALL,  
LEAVING FOOTPRINTS IN THE CLOVERED SOIL  
DOWN THE HILL TO PACK UP YOUR SHIT.

IN OTHER POEMS YOU WERE  
THE GIANT ROBOT  
THE SLACKER CHRIST  
THE BARBARY APE  
THE ABANDONED CHILD  
THE LAUGHING BOY SITTING STILL FOR HOURS  
AS I FORCE-FEED YOU MY FIRST BOOK  
AND BECOME A NOVELIST. A REFLECTING POOL.  
  
NOW, IN THE MIST OF THE ROGUE RIVER  
THE SMOKY STREETS OF THE HAIGHT  
THE FOG OF I-5  
I REPEAT INSIDE JOKES  
OUTSIDE OUT LOUD  
BUT NOBODY GETS THEM.

# DEEP BLUE

DEEP BLUE IS A FEMALE GREAT WHITE SHARK THAT IS ESTIMATED TO BE 6.1M (20FT) LONG AND OVER FIFTY YEARS OLD. THE SHARK WAS FIRST SPOTTED IN MEXICO BY RESEARCHER MAURICIO HOYOS PADILLA. THE SHARK WAS SPOTTED BY MARINE BIOLOGISTS STUDYING TIGER SHARKS NEAR THE ISLAND OF OAHU, HAWAII. VARIOUS VIDEOS SHOW THE SHARK AS CALM AND NON-AGGRESSIVE AROUND HUMANS AND EVEN DOLPHINS. ORCAS KILL SHARKS BY FLIPPING THEM OVER WHICH PUTS THEM TO SLEEP MAKING THEM EASIER TO KILL.

# BEN SAARI

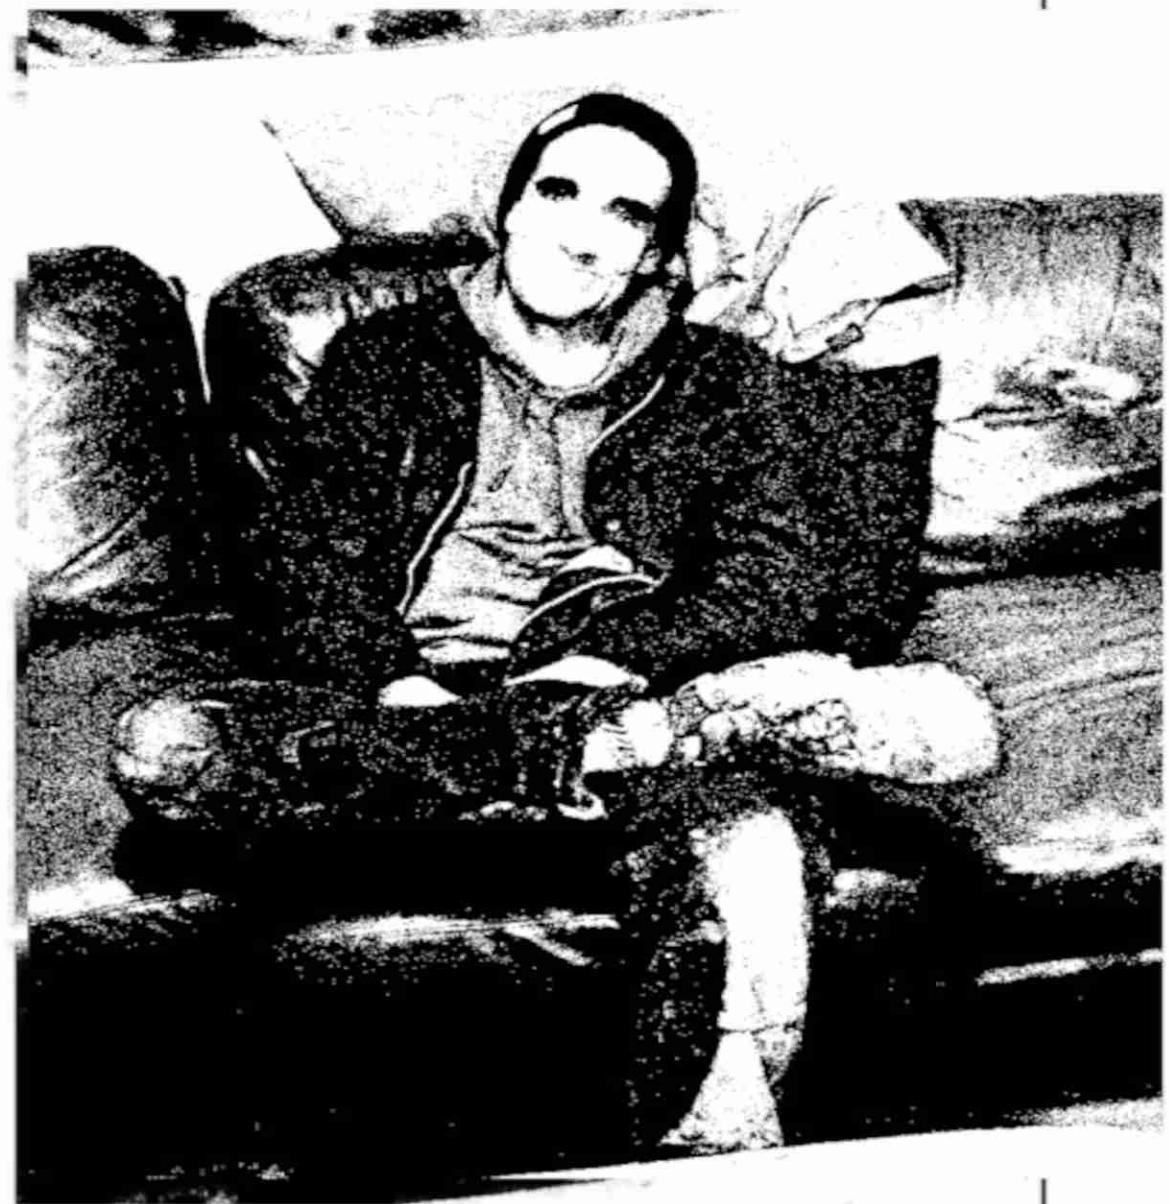

Singer in:

'Mickey & the

Big Mouths'

'Black Box'

'Slandyr'

BEN SAARI HAS BEEN A STAPLE OF THE NORTH BAY PUNK SCENE. HE'S GOT RADICAL MORALS AND SOCIAL VIEWS, A HEAD FULL OF IDEAS, AND A MOUTH THAT WON'T STOP SHARING THEM. HE IS A TRUE PUNK THAT'S BEEN DOWN THE ROAD AND STILL TRUDGEING ON, J WALKING HALF THE TIME. HERE'S SOME WORDS FROM HIS MOUTH.

ME: I SAW YOU ONCE AT A SHOW WEARING AN 'UNFUCK THE WORLD' SHIRT. WHAT'S A BIG STEP TOWARDS REVOLUTION OR REFORM?

BEN: HOW LONG DO YOU HAVE? I CAN DO THE SHORT VERSION. MY POLITICAL IDEAL IS THAT EVERYONE SHOULD SHARE. THAT SHOULD BE THE ONLY RULE. I THINK THAT WE CAN HAVE ALL OF THE RAD SHIT THAT EXISTS IN THE WORLD AND HAVE A CULTURE THAT'S GUIDED BY THAT PRINCIPLE. I THINK THAT BETWEEN US AND THAT IS A WHOLE LOT OF CONFLICT. SO DIFFERENT STEPS FOR HOW TO GET THERE LIKE YOU CAN KILL THE FUCK OUT OF EVERYBODY THAT DISAGREES WITH YOU OR YOU CAN TRY TO MODEL THEIR BEHAVIOR. OR YOU CAN TRY TO MIX THOSE TWO GENERAL STRATEGIES TOGETHER. AND THAT'S SORT OF WHAT I TRY TO DO. I MEAN, THERE'S JUST CERTAIN PEOPLE WHO YOU JUST HAVE TO STOMP. NAZIS, PROBABLY SHOULDN'T FUCK AROUND WITH THEM. OTHER THAN THAT WHAT I TRY TO DO IS FIGURE OUT WHAT I HAVE IN COMMON WITH SOMEBODY AND WHAT I CAN DO WITH THEM AND THEN TRY TO DO IT IF I HAVE THE TIME.

ME: AWESOME. THAT SORT OF RUNS INTO ANOTHER QUESTION I HAVE. VIOLENCE OR NON-VIOLENCE? WHICH IS MORE SUITED TO YOU FOR SOCIAL CHANGE AND SUCH?

BEN: I'M GONNA DO A PARENT COP OUT HERE. MY ANSWER TO

THIS HAS  
CHANGED  
RADICALLY  
NOW THAT I  
HAVE KIDS.  
MOSTLY  
BECAUSE I

'NOBODY SHOULD  
SURRENDER THEIR  
SCENE TO SHITBAGS'

DON'T WANT TO SAY THAT PEOPLE SHOULD DO THINGS THAT I'M NOT WILLING TO DO. I'M NOT WILLING TO TAKE THE SAME KIND OF RISKS I USED TO TAKE BECAUSE I'M RESPONSIBLE FOR OTHER PEOPLES WELL-BEING NOW. SO I DON'T WANT TO SAY THAT PEOPLE SHOULD GO OUT AND ORGANIZE AND BEAT THE SHIT OUT OF ANYBODY THAT'S DOING WHITE SUPREMACIST ORGANIZING WORK. I'M ALSO NOT GOING TO SAY THAT PEOPLE THAT WANT

TO TAKE THAT STRATEGY ARE DOING ANYTHING WRONG. I'M NOT GONNA GET IN THE WAY OF ANYBODY DOING THAT STUFF AND I WILL SUPPORT THEM IN ANY WAY THAT I CAN THAT KEEPS ME AND MY FAMILY SAFE. I OTHER THING IS I'LL SAY THIS, CUZ I KEEP GOING BACK TO NAZIS. THERE WAS A GROUP OF PEOPLE IN THE EARLY 90'S WHO WERE DOING WHITE SUPREMACIST ORGANIZING WORK IN PETALUMA AND WE WENT TOE TO TOE WITH THEM, RAN MOST OF THEM OUT OF TOWN BUT THE TWO WHO ARE STILL AROUND STILL COME BACK INTO MY LIFE EVERY ONCE IN A WHILE TRYING TO FUCK THINGS UP. THEY DON'T TRY TO HURT ME BUT THEY DO REPORT ME TO THE COPS FOR SOMETHING BOGUS. THESE THINGS THAT WE DO WHEN WERE 20 YEARS OLD AND FULL OF PISS DON'T GO AWAY WHEN WE'RE 50 AND HAVE 2 KIDS THAT WE HAVE TO TAKE CARE OF.

ME: I COMPLETELY HEAR YOU BUT THAT'S ALSO NOBLE THAT YOU RAN THEM OUT OF TOWN AND I'VE HEARD STORIES OF PUNKS AND SKINS DOING THAT IN OTHER AREAS AND THAT'S AWESOME AS WELL.

BEN: NOBODY SHOULD SURRENDER THEIR SCENE TO SHITBAGS.

# "My friend"

- Beguito  
Dec. 2022

It's been a goddamn  
dark garbage fire  
of a year  
and I still can't believe  
you're not here

The moon keeps on rising  
and the sun still sets  
even when you'd rather  
forget

I used to be afraid of  
the chance we'd cross  
paths  
now I'd give anything  
to get that chance back  
Because the emptiness  
inside

from knowing that I won't  
is far more terrifying  
than the fear could be  
at most

But I'm afraid that  
I don't get to try again  
and I'm afraid I could'a  
done more to help you  
my friend

It's fucked up how my  
mind tries to re-write  
our history  
forgetting all the shitty  
things you said and did  
to me  
when really good and bad  
were more often in  
symmetry  
chaotic neutrality not  
romantic longevity

But I'm afraid that I don't get to try again  
and I'm afraid I could'a done more to help you  
my friend

But I'm afraid that  
I don't get to try again  
and I'm afraid I could'a  
done more to help you  
my friend

Trauma can reveal who'll  
scally ride or die for you  
it may be disappointing  
but at least you'll know  
it's true  
who'll say it's ok not  
to be old and don't  
shy away from my pain  
just hold my hand and  
help shake down the  
demons who besiege  
my brain

But I'm afraid that I  
don't get to try again  
And I'm afraid I could'a  
done more to help you  
my friend

The hardest part of  
grieving you and unpacking  
each layer of  
the highs, the lows  
the to's, the fro's  
is knowing that the hurt  
I have  
you might have lived with  
all your days

I tried to ease your burden  
and I like to think I did  
but I find solace in the  
fact that you're not wrapped  
up in that ~~hell~~ Hellscape  
No, you're wrapped up in  
the translucent embrace of  
all the stars and everything  
that ever was and will be

Zak tagged WARCAT all over California in 2021 from Sonoma County down to San Diego and out to Joshua Tree. This one was painted under the bridge by the Windsor skate park on a beautiful warm Summer day after skating the park. Zak reminisced a lot that day about that spot and how long them and “the boys” had been utilizing it. I could feel how special it was to Zak and was grateful to be there in this moment.

WARCAT forever. <3 Jessie Trimm

# HOW TO MAKE Wheat Paste

Ingredients: 2 parts water

To Make: Whisk together in a bowl to get out the lumps until smooth.

Heat mixture in a pot till it boils,  
(stirring continuously) then ~~turn~~ simmer  
for 20 min (about) It should look  
like a clear-ish thick goop  
- Add more water if needed

Once cooled down, it's ready to use!

Paint the back of your flyer / poster  
and slap it up. Paint the front to ensure  
full saturation. Make sure the corners  
are well done. Best used in dry weather.

You can keep leftover paste for  
a couple days in the fridge before  
it goes bad. \*\*

# Namaskaar mateys!

Throughout the course of me wanderings, as a truth seeker and a pirate, I have come to understand that our current global shared reality of supply side economics can have only one outcome. That be our extinction and the extinction of all our fellow creatures, that have the misfortune of existing alongside of our species. I believe that our crisis be a spiritual one and that if we are to survive it is time for a radical reappraisal of our relationship with reality. It be time for a new interpretation of the gospel of the flying spaghetti monster.

I have come to understand that the FSM is much more then pasta. The FSM is a traveler of multiple dimensions and multiple universes, come to the planet earth to guide the evolution of human beings and to liberate us from fear. The FSM is love. Love eternal. Love that transcends time and space. Love that has traveled through black holes and across unimaginable interstellar distances to inoculate the primordial seas of protozoic earth and guide its life to salvation and oneness with the universe.

RoseMoonFox

The FSM is an interstellar, inter-dimensional, love fungus. The noodles represent strands of fungal hyphae, the mycelial threads that connect all life on this planet and in every universe, the mycorrhizal strains that unite every plant in the forest, and the decomposing intelligent that cycles all matter involved in life from one form to another throughout endless incarnations. The meatballs represent the black holes through which the FSM has traveled. Through each one of these black holes is another universe, that originated from another big bang, that contains trillions of stars and planets, all consisting of the same elements that exist in this universe, many supporting life that is also based on carbon, hydrogen, oxygen, nitrogen, phosphorus and potassium. The FSM binds all life and all matter together in eternal oneness. The FSM is love, and fungus be its physical manifestation in time and space!

In the age of the Anthropocene, we find ourselves at a cross roads on our evolutionary path. We find ourselves mired in fear and unable to reconcile our differences as people, and unite as a species. Throughout our evolutionary history, fear has been a powerful behavioral response, to a hostile environment, that has ensured our species survival, and the survival of our ancestral species, for hundreds of millions of years. However, with our relative mastery of technology, and the resulting respite from natural selection, we find that fear is actively holding us back from our next stage of evolution! We, as a species, must learn to live symbiotically with the earth if we are to survive the Anthropocene!

It is time that we stop and listen to the most successful symbiotes on the planet, which have been trying to communicate with us all this time! It is time that we strive to be more like the fungus! It is time that we strive to be like the FSM!

As has been correctly observed, in the gospel of the flying spaghetti monster, there be a correlation between global temperature rise and global abundance of pirates. In order to curb climate change and our current environmental catastrophe we must all become pirates. We must become fungal love pirates and seek to liberate ourselves from the evolutionary baggage of fear, so we can recognize our true potential as beings of love.

# Rats in the Machine

I judge the weight of wallets. Blinded by dollar signs they are at best apathetic to those in need and the cause of their scarcity. Their sense of entitlement lets them hold themselves in such high regard that we are just rats infesting their world. They took the world from us. We have to be the rats that they see us as. They'll never see us as anything else. Hide in the darkness and steal from their coffers. Spread our ideas like disease and we'll reproduce faster than they can kill us. If we can't take back our world we will infest theirs. We'll keep them awake at night and their comfort will be a thing of the past. Do not let them deceive you, they will not share their homes with rats ever. Do not eat their gifts for they are poison and we need to learn to recognize their traps. We will always be smart and clever and we will cackle at their frustration when they cannot catch us. For the rich and powerful only have the power we have given them. They said they were doing it for us. They've always been good liars. When we let them cradle us they put us to work and put us in chains and we thanked them. We forgot how to live without them and they exploited our insecurities. We were proud to go to their jobs, listen to their bosses, and work towards their future. We dreamed of our own futures all the while living the life they gave us. Cogs in their machine. Replaceable even. They insured that when they took us all and convinced us we needed them. We don't need them, never did. But now they have armies. They won't see their lies. And that's why we're rats.
